### [Memo]

Dove my new Bare Nex-Gen drysuit today. Did several descents/ascents to get proper bouyancy control worked out between suit and BC. Did a normal dive after that. Dennis helped me and I had no issues. Had a bit of reverse squeeze on the left ear on last ascent and both ears ached (probably from all the ascents and descents) so I didn't do the second dive (although I really wanted to!) Saw bass and bluegill.
